# **RED ROOSTER® PROFESSIONAL TOOLS**

## **INTRODUCTION**

**RED ROOSTER® PROFESSIONAL TOOLS is one of the fastest growing professional tool lines in the United States.**

We specialize in the manufacture and distribution of long-handled tools, pruners, loppers and agricultural implements. Our tools are used by agricultural and construction professionals, gardeners, landscapers and arborists. Known for their strong, high carbon and forged metal construction, **RED ROOSTER®** products are serious tools made for hard-working professionals. High strength, quality and durability are the hallmarks of **RED ROOSTER®** tools, with a reputation for tackling the most demanding jobs.

**RED ROOSTER®** offers a complete line of professional tools focused on constant innovation, great selection, best value and superior service. We are proud of our products and create a culture in our company where entrepreneurship and prudent risk taking are encouraged and rewarded. We honor and respect our customers and conduct our business honestly and fairly. We strive to help our customers succeed through quality products that consistently deliver value and above average margins.

**RED ROOSTER®** products are guaranteed against defects in materials and workmanship.

### **PROFESSIONAL GRADE TOOL GUARANTEE**

**RED ROOSTER®** tools are built for professionals who demand superior product quality at a competitive price. We proudly stand behind our tools and guarantee them to be free of defects in materials and workmanship. The tool guarantee is void if the tool has been modified, altered or misused in any way. Neither the retailer nor **RED ROOSTER®** shall be liable for any injury, loss or damage caused while using the tool, whether direct or consequential.

**RED ROOSTER®** is a registered trademark of the John F. Mahaney Company in business since 1951. Our corporate offices and central warehouse facilities are located at 113 Commerce Circle, Sacramento, California 95815

## RED ROOSTER® PLASTRIP BUDDING & GRAFTING STRIPS

Plastrip is a scientifically developed agricultural plastic strip for all your budding and grafting needs. Plastrip allows you to do all your budding and grafting more easily and at less than half the labor cost. Plastrip works equally well for "chip" and "T" budding, expands with the growth of the tree and has outstanding elasticity and memory. These easy to tie strips allow for a strong and rapidly healing graft, promoting rapid callus growth and healing. Plastrips helps you ensure great budding and grafting success. Stripes are 1/2" wide

## RED ROOSTER® PLANT & NURSERY "TIE-IT" TAPE

100% virgin vinyl, stretches with plant growth, no constricting wire. "Tie-It" is the modern way to tie young plants to supports; it is tough, durable, impervious to sunlight and moisture, yet safe for plant growth because it stretches up to twice its original length. This transparent green tape can be loaded into Max Tapener for machine tying or carried on "Tie-It" handlers in the field for hand tying

# IRRIGATION MATERIAL

IRRIGATION MATERIAL

**NYLON MESH  
FOR MAXIMUM  
STRENGTH**

**6" SEWN LOOP ON  
MANY SIZES FOR  
2x4 TO LAY  
ACROSS DITCH**

## **RED ROOSTER® IRRIGATION DAM MATERIAL**

Durable Poly-Tuff dam material made of nylon reinforced plastic. This rugged material will withstand extreme water pressure, yet is lightweight and low in cost. 4 mil coating of PVC on each side of nylon mesh for maximum strength
